## PROJECTS

Guess the Number

A simple beginner friendly project, where the user enters the number in the box-container, if the individual guesses it right, will be the WINNER 😊

Tech Used :

HTML

CSS

Javascript

Link: <https://github.com/kartik2318/GuessTheNumber>

Pig Game (LUDO)

A simple beginner friendly, 2 Player Pig (same as LUDO) Game, where the player rolls the dice, and the individual who scores the first 100 points, will be the winner.. 😊

Tech Used :

HTML

CSS

Javascript

Link: <https://github.com/kartik2318/PigGame-...LUDO->

Portfolio

A Portfolio intermediate level project, which helped me to implement all my skills, which I have learned through out my ReactJS learning journey such as SPA (Single Page Application), Hooks, Linking and Routing, assets.. etc

Tech Used :

React.js

Link : <https://my-portfolio-4cd40.web.app/>

## CERTIFICATION

### **The Complete Javascript Course (Zero to Expert)**

Understood all the Basic to Advanced fundamentals of JavaScript language, and was able to implement it in several projects.

### **React**

Understood how the SPA works and are developed for the end-user. What are Hooks, State, Routing and Linking, ContextAPI...etc, and was able to use this knowledge to build the Projects.

### **Internship in Web Development**

Worked as a Web developer at Corizo EduTech (E-learning Platform), and was responsible to build a Full Stack E-commerce website, as the Major Project.
